Wednesday, November 21, 1984

Three members of the Minden Figure Skating Club returned recently from the Skokie Skate competition in Huntsville. The youngsters competed in a number of interpretive competitions. Lisa Carr, left, placed fifth in the event and also won a silver medal in the ladies B free skate category. Dianne Garbutt, centre, placed fourth in the junior interpretive event, while Sarah-Lee Henderson placed seventh in the intermediate interpretive event. The skating club is preparing for a busy season which will include the annual skating carnival.

\$91,000 Wintario grant for snowmobile trails

A Wintario grant in the amount of \$91,306 has been received by the municipality of Dysart et al to assist in the purchase of snowmobile trail grooming equipment. The municipality received

word of the grant approval earlier this month.

The grant had been applied for by Dysart et al in conjunction with the municipalities of Anson,

Hindon and Minden, Lutterworth and Stanhope to assist in the maintenance of the existing snowmobile trail network. The trail system was established by the Haliburton County Snowmobile Association.

Earlier this year, the association turned to the municipalities for assistance in purchasing new equipment when it was realized that the costs of the

grooming equipment would be beyond the organization's budget.

The municipalities agreed to provide some support and also agreed to apply for Wintario funding for the

purchase of the new equipment. The HCSA had already received Wintario assistance in the past and was therefore ineligible for a further grant.

Councils concerned over non-resident dump use

At least two municipal councils in Haliburton County are concerned about the use of landfill sites by residents from outside the municipality.

The issue was raised at the October 25 meeting of the Anson, Hindon and Minden council by Councillor Dave Stevens. He noted that an informal survey had shown that approximately 80% of the people who use the Scotch Line Landfill site do not live in the municipality.

He suggested that residents of the municipality could be issued a card which could be shown to the

attendant at the site and that residents who live outside the area could be charged a fee to dump refuse.

Deputy-reeve Ed Pergolas was the only member of council to agree to the suggestion, adding that cards should also be issued to residents of Dysart, Lutterworth and Stanhope Townships to allow those residents to use

the sites.

Reeve Lyle McKnight disagreed with the suggestion pointing out that many people who live outside the municipality contribute to the local economy by shopping in Minden. "We don't charge people to shop here, so we shouldn't charge people to use our dump," he said.

Councillor Gary Kenney suggested that people will use whichever dump is closest to their homes whether it is in their own municipality or not and added that a survey could be conducted to find out who uses the dump.

The survey, he noted, should not be used to restrict the use of the landfill site, but could be useful to municipal planners.

Lutterworth concerns

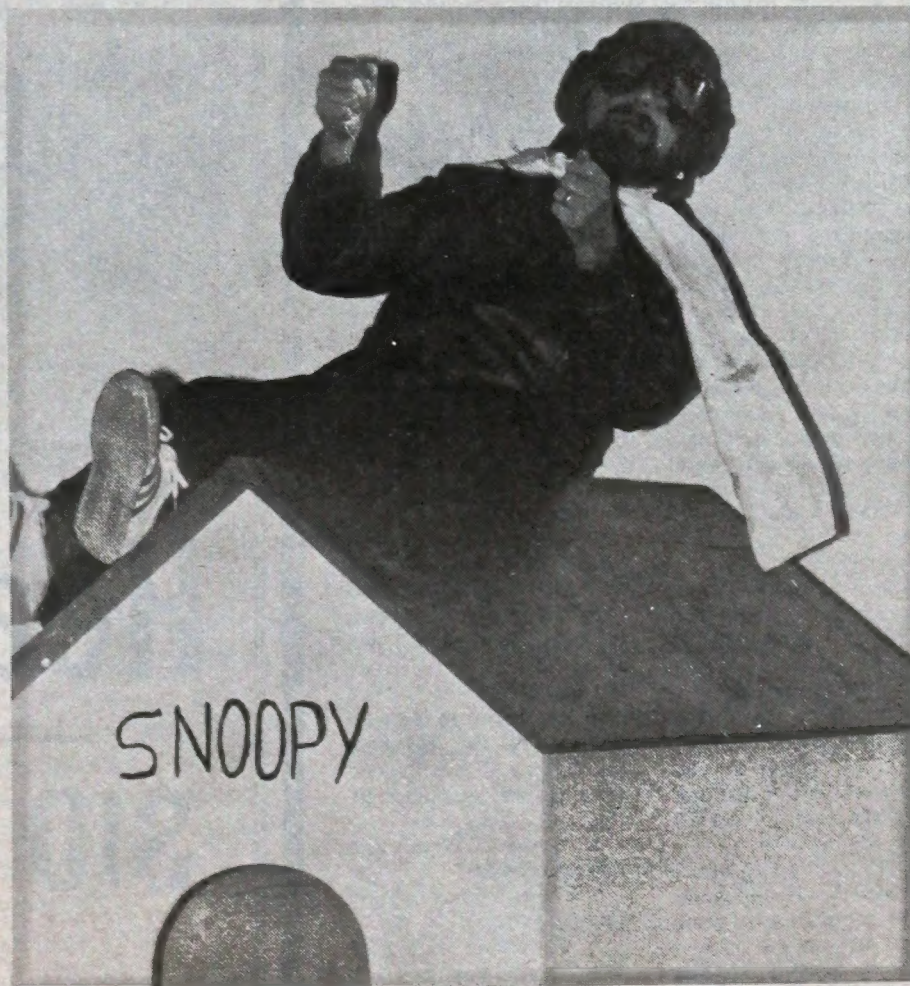

The Lutterworth Council is also concerned about the dumping of refuse by residents who live outside the township. The issue was discussed at the November 15 council meeting.

It was noted that residents and businesses from Minden are using the landfill site near North Pigeon Lake when the Scotch Line landfill site is closed to the public.

Although there was no serious concern expressed over the occasional use of the site by householders in Minden, there was criticism of the dumping of large volumes of garbage by contractors and retail outlets in Minden. It was also noted that since brush cannot be left at the Scotch Line site, residents of Minden township are dumping loads of brush at the Lutterworth site.

Council members agreed that the high volume of garbage that is being brought in to the township landfill site increases the workload of the municipal employees and will reduce the length of time the site can be used.

Although there are two

Glen Carter portraying Snoopy's Ace World War I pilot, banks his Sopwith Camel across the stage during the Highlands Little Theatre's presentation of "You're a Good Man Charlie Brown." For a report on the play, see page seven.

Stanhope briefs

Items from the November 14 meeting of the Stanhope Township Council.

Application

Approval was given to an application for a grant to the municipality under the Canada Works Program.

If funding is approved by the federal government the township will employ three workers for a twelve week period beginning in January 1985.

Work being considered for the project includes the construction of a 1200 ft. addition to the shelter located on the recreation field adjacent to the Stanhope firehall and the installation of privies at the municipal park on Hall's Lake.

Pound

The Minden Animal Clinic will become the official pound for Stanhope Township.

Council agreed to retain the services of the clinic operated by Dr. Peter Bennett on the recommendation of Bylaw Enforcement Officer Jim Moore.

Moore informed council that the township has not had a pound for a number of years adding that problems with stray animals have

increased over the past summer.

Animals that are brought to the pound will be the responsibility of the Municipality for a period of three days following which the animal will be put up for adoption or destroyed.

Accounting

An application to the Ministry of Municipal Affairs and Housing for funding to upgrade the township's accounting system was approved by

Dump

(from page 1)

other landfill sites in Lutterworth Township, the site located near Little Gull Lake is expected to be closed within five years.

Council rejected a suggestion that there should be a restriction on the hours the site is open, noting that it would be unfair to ratepayers in Lutterworth Township.

Council instructed the clerk to write a letter to Anson, Hindon and Minden council requesting a discussion of the problem by representatives of the two municipalities.

council.

Under the Ministry's "Municipal Action '85" program, grants of up to \$5,000 are made available to municipalities in the province to implement a "One Write" record keeping system used for income and expenditures.

The system is being adopted by many municipalities on the recommendation of the Ministry to standardize accounting practices. The system facilitates budgeting and provides an instant, up-to-date record of financial transactions.

The cost to install the system is estimated at \$4800.

Lutterworth grants

Lutterworth Township has applied for a Canada Works project that will employ one superintendent and three labourers for a 42 week period commencing in June 1985.

Council approved the application for the proposed project at the regular meeting of Council on Thursday.

Among the projects being proposed under the program are the brushing of snowmobile trails, public access points on Gull Lake,

and roadside picnic areas, the upgrading of signs, the improvement of driveway entrances, the landscaping of the grounds at the Boundary Information Centre, the cleaning of culverts, and other municipal maintenance operations.

Consideration is also being given to the possibility of improving the old Highway 35 roadbed so that it may be used by cyclists. The cost of the Community Development and Opportunity program is estimated at \$49,200.

Youth program

Work began this week on a 26 week Youth Opportunities Program that will employ four workers.

A superintendent and one labourer have been hired and an additional two workers will be hired by the township.

The program is designed to provide employment to persons between the ages of 15 and 24 who have left school and have been unemployed for at least 12 weeks.

Workers will be carrying out landscaping and grounds improvement projects on municipal property.

Business beat

Ken Fielding, the owner of the Dixie Lee outlets in Minden and Haliburton, informed us last week that the parent company has made a major expansion into the Toronto market. Dixie Lee Food Systems Incorporated has acquired nine restaurants in the Metro area previously operated under the Church's Fried Chicken name.

According to the announcement, the outlets will be changed over to Dixie Lee as quickly as possible. J.B. Burke, president of Dixie Lee, noted in the announcement that the chain has lacked a presence in the immediate Toronto area and the purchase of the nine store chain should give the name high visibility in the Toronto market.

Dixie Lee is an all Canadian franchise company with over one hundred outlets in Ontario and British Columbia.

Going bananas

If you're looking for bananas in Dollo's I.G.A., keep an eye peeled for the palm tree. You'll find the fruit in the display under the ceiling tall palm.

Peter Dollo, owner of the store, said the latest addition to the store's decor came from Kraemer's Green House on South Lake. The palm had become too big for the greenhouse and was destined to be moved outside. Peter came to the

rescue and ended up with an interesting centrepiece for his tropical fruit display.

All he needs now to complete the setting, is a couple of monkeys scampering through the branches.

AHM agenda

Agenda for the regular council meeting to be held in the Municipal Council Chambers on Thursday, November 22, 1984 at 7:30 p.m.

1. Adoption of minutes.
2. Request from Minden Winter Carnival Committee re: Funding for ice surface and auditorium rental for 1985 Minden Winter Carnival.
3. Request from Minden Winter Carnival Committee re: Permission to have snow sculpturing at the Welch Building Parkette and Town area during Winter Carnival.
4. Resolution to approve minutes of the Planning Advisory Committee meeting held November 20, 1984.
5. General, Water and Sewer accounts.
6. Boundary Information Centre accounts.
7. Discussion re: Scotch Line Landfill Site, maintenance agreement.
8. Correspondence.
9. Other business.
10. Adjournment.

Third Katimavik group arrives

The third rotation of the present Katimavik project has arrived in Minden. The eleven member group arrived last week and were officially welcomed at a party hosted by the municipality and attended by several former billeting families and councillors.

The group was also involved in a relocation of their home during their stay in Minden. On Saturday they moved to a house three doors east of their former location on North Water Street.

Members of the group have decided to return the

hospitality shown them when they arrived in Minden by hosting an open house at their new home. The open house will take place on Wednesday, November 28 between 7 and 9 p.m. According to a spokesman for the group, "This will give us an opportunity to get to know the members of the community better." Everyone is welcome.

This rotation of participants will also be involved in a billeting program during which time they will live with a family in the community for two weeks.

The billeting period will take place in early January. Any resident interested in the billeting program should contact the group leader, Chris Niles at 286-3777.

The group is also interesting in contacting individuals in the community with special skills or interests. Part of the Katimavik program includes an educational process involving the residents of the community. "Anyone interested in sharing his or her hobbies or hidden talents should contact us at the above number," the spokesman concluded.

Quiet week for OPP

It was a relatively quiet week for the Minden detachment of the Ontario Provincial Police with ten motor vehicle accidents (all minor) and thirty-four general occurrences being reported to the authorities.

Two items which arose at the November 14 sitting of Provincial court were noted in the police report.

James Austin, 16, of Haliburton was sentenced to an additional six months in

jail after he was found guilty of unlawfully being at large. The court was told the man had been serving a 12 month jail term when he was released on a temporary leave pass. The man failed to return to jail and was at large for two weeks before being arrested in Haliburton.

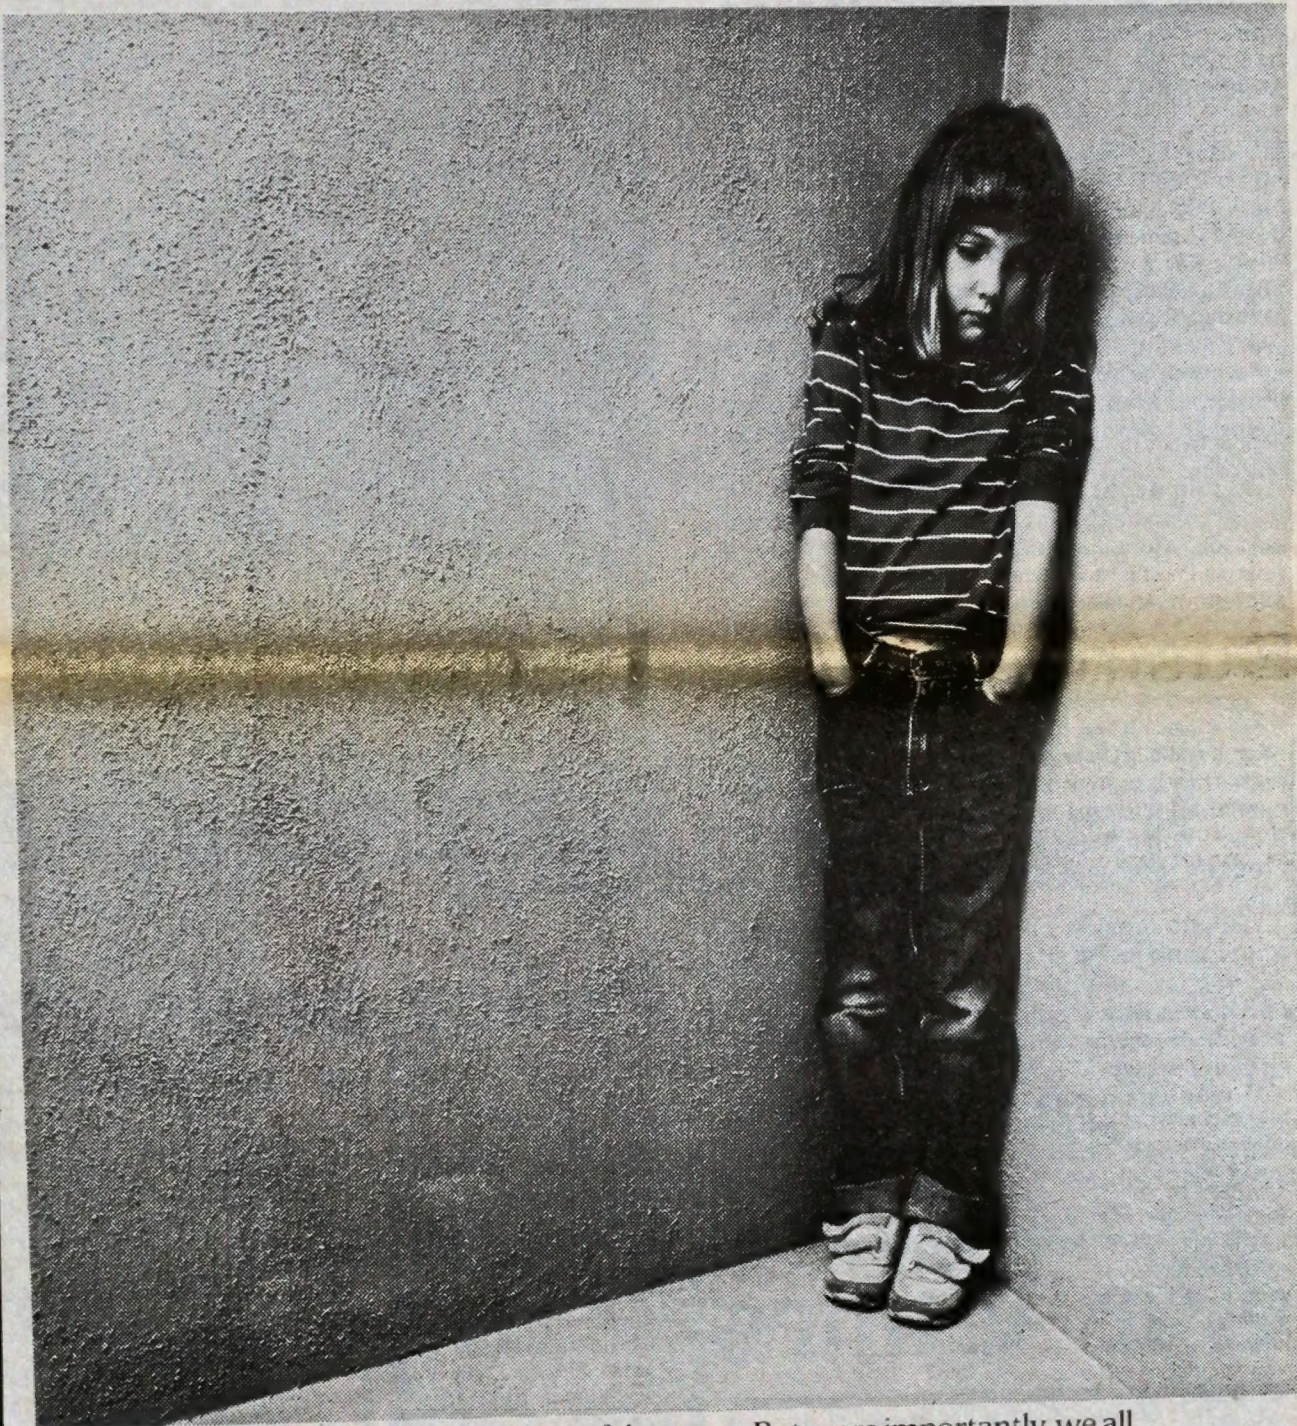

In a second court case, 56 year old Clifford Fearrey of Dysart Township was sentenced to 14 days in jail

and fined \$200 after he was found guilty of impaired driving. The offence took place May 2.

Neighbourhood Watch

A meeting for those interested in becoming involved in the Neighbourhood Watch program in the Monmouth Township area will be held today, November 21, at the Lloyd Watson Community Hall in Wilberforce. The meeting is slated to begin at 7:30 p.m.

AND IN THIS CORNER...

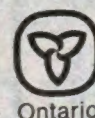

A defenseless child. One of the thousands of children in our province subjected every day to perhaps the most brutal of all crimes—child abuse.

Professionals, working with or treating young people, have a legal duty to report suspected cases of child abuse to their local Children's Aid Society or Family and Children's Services.

But more importantly, we all have a moral duty to report suspicions of child abuse. A responsibility we all share—to ensure that every young person in Ontario enjoys a childhood free from neglect or abuse.

Give a kid a fighting chance. Report child abuse.

Grants

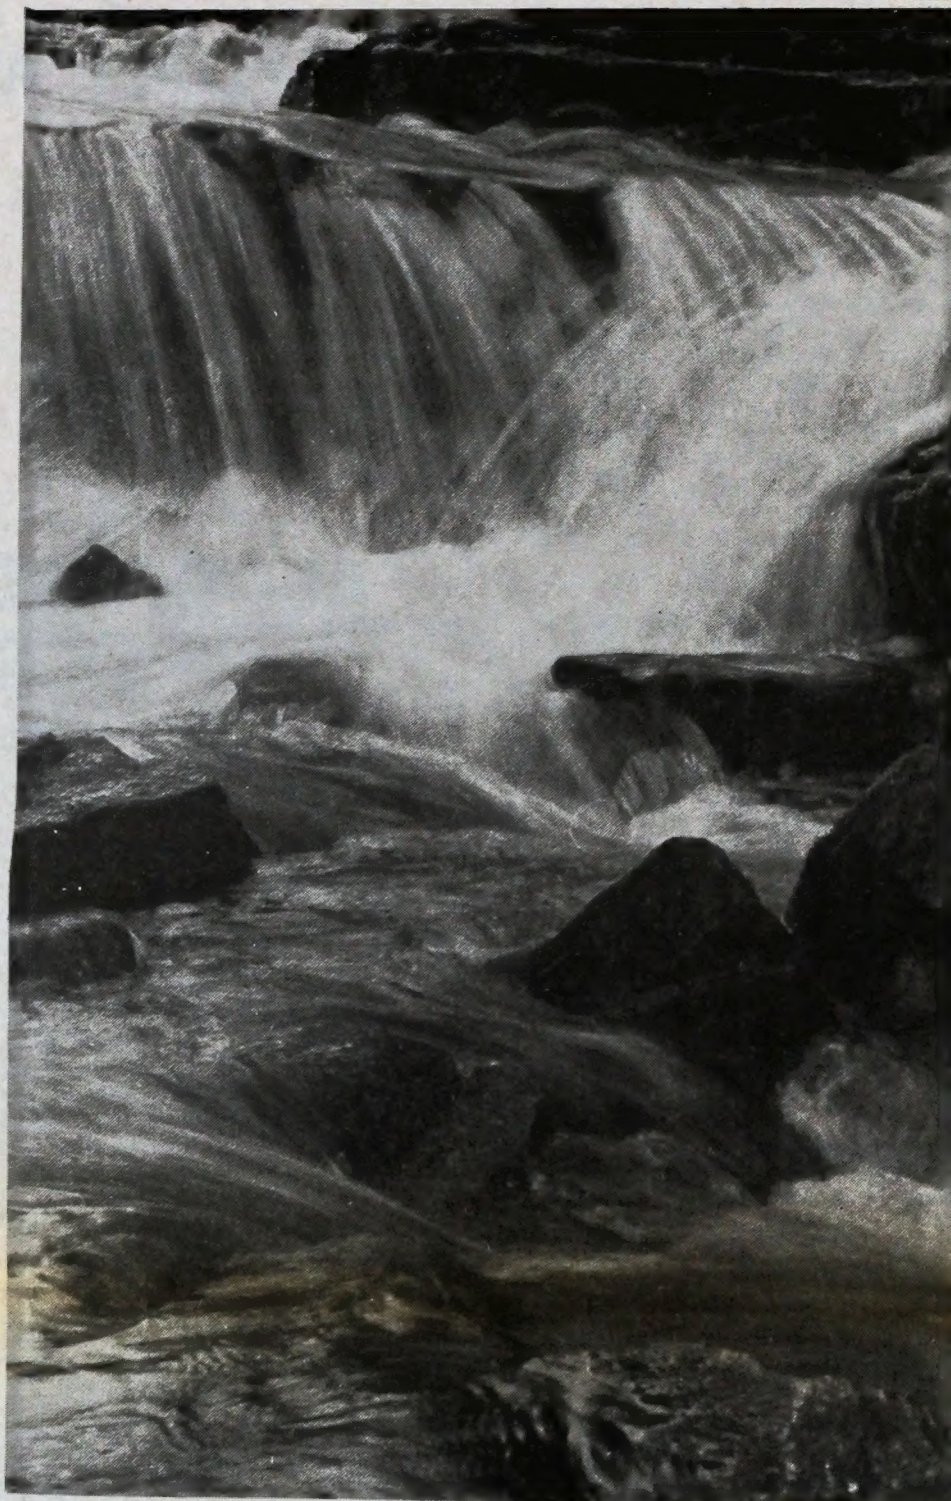

Haliburton County may be shooting for a new title, other than the "Cross-Country Ski Capital of Canada." This latest honour might be bestowed upon this area because it is the "Grant Capital of the Nation."

This week's newspaper carries reports of a number of grant applications approved by local councils, a story of a \$92,000 grant just recently awarded and a \$55,000 grant funded program that just ended. There are, if you look carefully enough, grants for seniors and grants for juniors, grants to employ the unemployable, grants to build edifices and grants which state specifically that the money cannot be used to build anything. Municipalities receive grants, individuals get grants, companies, associations, clubs and groups can obtain grants. There are big grants and little grants, matching granting where the applicant receives a certain amount for every dollar provided and there are forgivable loans which are simply grants of a different colour. Some grants require mountains of paperwork and justification to obtain, while other grants are thrust upon bewildered recipients who have done little more than belong to a group for whom there was a surplus of grant money available. Grants are always given for worthy causes.

Could we, as a community, survive without the grants which rain down on us from federal and provincial agencies? The answer, most assuredly is yes. However, we are locked into a system that allows those who hand out the grants to manipulate our actions. The manipulation is contained in the terms laid down for grants. These terms direct social and economic development and in some cases local committees into areas and activities they might not otherwise become involved. We are locked in because once grant money is made available, it is hard to refute the logic that says if we don't take advantage of a certain program, everyone else will and we will "lose out."

Grants are just one symptom of a society which looks increasingly to government for the solution to all problems, creating a system which is slowly eroding our self-reliance and faith in our own community to accomplish a task on its own.

The ultimate irony, of course, is that these grants are funded by tax dollars and represent nothing more than our own money being laundered back to us through agencies who feel they are doing us a favour.

Buttermilk Falls

Policy could cost jobs

- by John Eakins, MPP -

Opposition Leader David Peterson told the Ontario Legislature this week that the economic policies adopted by the Federal Conservative Government and endorsed by the Conservatives at Queen's Park could cost Ontario up to 20,000 jobs.

Mr. Peterson cited the consulting firm of Informetrix which has forecast a job loss of between 40,000 to 50,000 jobs across Canada as a result of program cuts planned by Finance Minister Michael Wilson. "This would translate into between 14,000 to 20,000 jobs that are going to be lost directly in Ontario", the Liberal Leader said.

The question is - "Who is speaking up for Ontario?"

Oil prices

The Ontario Treasurer has asserted that it is in the long-term interest of Ontario to follow the policy adopted by the new government in Ottawa. It is "in the best interests of Canada, in

the best interests of rebuilding the economy; we have to have the courage here not to stand up and take simplistic, narrow positions..." But he has conceded that policies such as the increase of oil prices to world levels will hurt Ontario. "It will not be helpful." However, he has refused to place an estimate of potential job losses caused by higher oil and gas prices.

The Davis government at Queen's Park is hypocritical in opposing energy price

increases when Joe Clark was the Conservative prime minister, a move which helped precipitate the fall of the Clark government in 1980, yet giving blanket endorsement to the actions of Prime Minister Brian Mulroney.

The provincial economy would be profoundly affected if the Ontario government is not prepared to protect the interests of the people of the province.

Education costs

Personally, I am particularly concerned about the impact a freeze or cutback in transfer payments would have on the provision of health care services and the quality of education in Ontario. We place the responsibility on Colleges and Universities Minister Bette Stephenson for underfunding post secondary education and triggering the recent strike by community college teachers. Mr. Peterson forecasts similar problems in the universities unless investment in post secondary education takes into account both inflation and enrolment increases.

In a letter to students and educators this week, the Opposition Leader said the refusal by the government three times to allow an emergency debate on the strike and its subsequent rejection of a Liberal proposal to direct negotiators to deal

outdoors

Federation of Ontario Naturalists

The first flurries of winter are in the air and the grey lid clamped tightly over Toronto this morning prompts my first grumble of the season about how much gloomier this city is in winter than the surrounding countryside.

For some years after moving here, I endured my friends laughing rejoinders that my firm conviction about city weather being worse than country weather was just a simple matter of nostalgia for my boyhood home in sunny rural Alberta. But now I know better and can back my argument with facts.

It's not just your imagination playing tricks on you when the weather in the city seems much more uncomfortable than the weather in the country. There's scientific evidence to prove what sweltering city dwellers have known (by feel) all the time.

I always thought, for example, that the city was hotter than the countryside because the tall buildings keep the wind from cooling things off. That is one factor, but there are many others of equal or greater importance in explaining the difference.

First, the concrete in city buildings and streets absorbs and stores more heat energy than soil does. Secondly, the walls, roofs and streets of the city act like a maze of reflectors, bouncing the heat back and forth to be absorbed by the myriad surfaces of the city. Thirdly, a city generates a great deal of its own heat, not only from cars, trucks

and factories, but also from heating buildings in the winter and air conditioning buildings in the summer.

Another factor is that city rain water does not remain to cool the land, but is quickly drained off into storm sewers. In winter, much of the snow is cleared away before it melts.

Finally, the air in the city carries a heavy load of solid, liquid and gaseous contaminants which retard the outflow of heat in addition to having other unpleasant effects.

The net result is a heat island - a self-perpetuating local subclimate which leads to such weather forecasts as the familiar "low tonight, zero in the city and a few degrees cooler in the suburbs." Another familiar effect is what scientists call the "dust dome" or "haze hood", which is just what the name implies, a dome of smog hanging low over the city, becoming worse and worse as more pollutants fill the air, until eventually a strong wind or heavy rain clears it away.

But let's get back to the issue we started with. It turns out that the city's self-

George Pratt tries his hand at wood carving

Haliburton County native and respected Canadian sculptor, George Pratt has added a new medium to his work. Pratt, who was visiting the area this past week from his home in Vancouver, explained that he has recently completed a wooden sculpture.

The work, depicting a bearded sea captain standing at the wheel of his ship, was commissioned as a centre-piece for the Grandville Island Public Market complex in Vancouver.

"The market used to serve the needs of area residents," Pratt commented. "Recently it was modernized and has become somewhat of a tourist attraction."

The sailor was carved from a piece of western yellow cedar.

Pratt noted that carving in wood created some problems for him, after having worked in stone for so long. "The direction of the grain, compared to the direction of the cut, is more critical in wood," he noted. The sculptor agreed to take on the job, however, because the public market was within a block of his studio and he felt having the statue on display so close would be a good advertisement for his work.

The sculptor also reported that the statue of Terry Fox, which he was working on last year had been completed. "The 4000 pound granite likeness of Terry now stands in front of the Port Coquitlam Library," Pratt said. "The statue was dedicated by Terry's parents just over a year ago."

George Pratt puts the finishing touches on a wood carving recently completed for a Vancouver market.

Drug seminar

The Haliburton Alcohol and Drug Education Centre (H.A.D.E.C.) is presenting a drug education workshop on December 5, at Sir Sandford Fleming College, Lakeview Centre, Haliburton.

The afternoon session, which runs from 1:00 p.m. - 4:00 p.m., will be of interest

to social service workers whose clients may include individuals with alcohol and/or drug-related problems.

The evening session, which runs from 7:00 p.m. - 10:00 p.m., will be of interest to residents of Haliburton County who are concerned about the abuse of alcohol and other drugs. The keynote speaker for both sessions will be Mr. Doug Chaudron, an instructor at the School for Addiction Studies in Toronto, a division of the Addiction Research Foundation.

There is a \$5.00 fee for the afternoon session only. Reading materials will be supplied and refreshments will be served.

For more information, or to confirm a reservation, call Mike Wood, at 457-1888.

John Eakins

(from page 4)

with the workload question for another 30 days "is consistent with a government which is placing a diminishing priority on maintaining the quality of education in our colleges and universities.

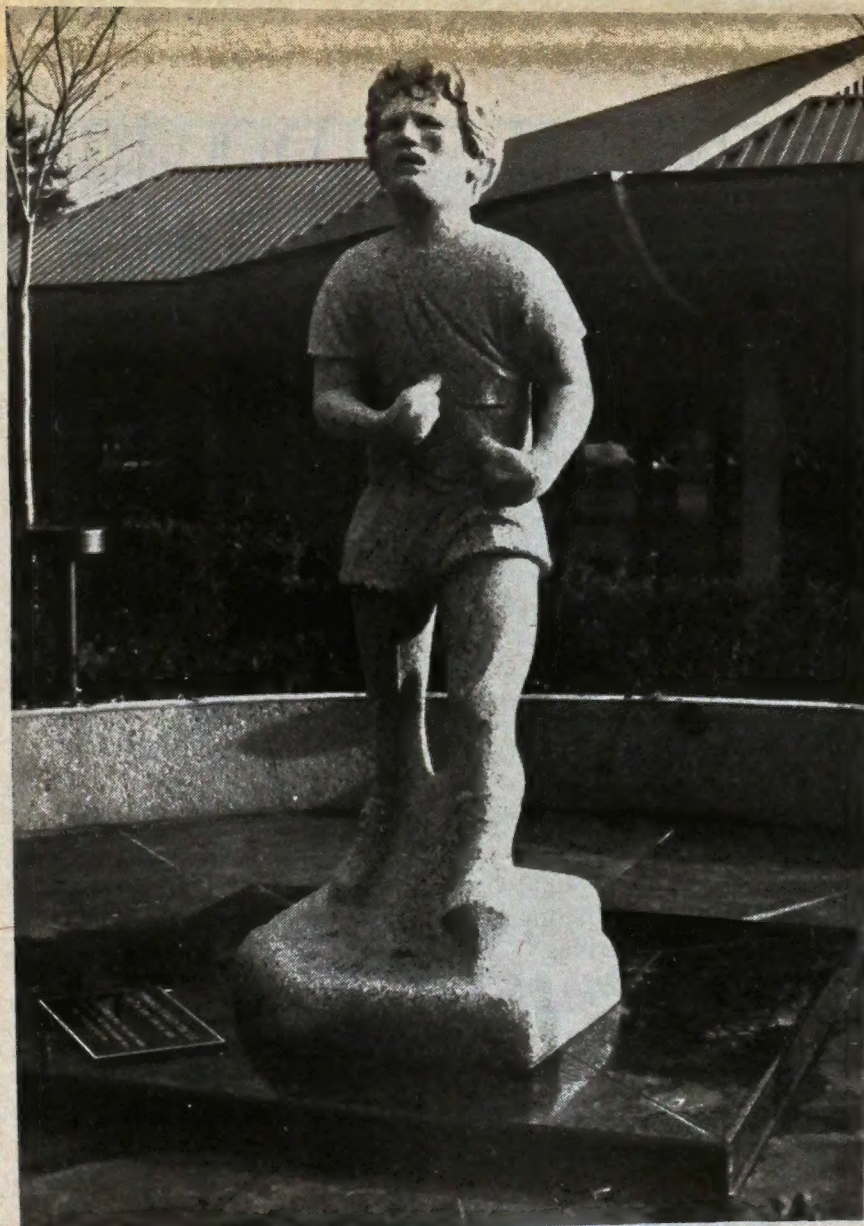

Recent blanket support for federal government cutbacks in transfer payments to the provinces could deepen the problem, just at a time when our post secondary institutions need increased financial support to prepare young people for future work. Indeed, labour unrest within the colleges might be a precursor to turbulence within our universities.

My Leader has assigned education as a top priority among issues to be pursued by Ontario Liberals in the weeks and months ahead.

Outdoors

(from page 4)

created climate can result in 10% more rain (mostly in extra drizzle), 10% more cloudiness, 25% lower average wind speed, 30% more summer fog and 100% more winter fog. So if you're like me, and find the city just a little bit gloomier in winter, don't be deceived: it's not all in your head.

The recently completed 4000 lb granite statue of Canadian hero Terry Fox stands in front of the Port Coquitlam library.

from the chamber

As surprising as it may seem, there are people working in both the tourism and hospitality industry who don't fully believe in the product they're selling. One such employee of an eastern province once said, "We really have no attractions people want to see." He then named the province next door as being capable of funneling off the bulk of tourism.

How wrong this kind of thinking is, not only for a province or region, but for even a city or town. When we hear this sort of negative, it proves only a short-sightedness which views things close at hand as dull and uninteresting, while those attractions farther afield are 'exciting'.

For a westerner who has never seen the ocean, a bare and barren stretch of sea coast is a magical sight. For

someone who lives in a tiny fishing village, the sight of skyscrapers has a special thrill. For the city dweller, a field of wheat waving in the wind is thrilling to view, and for the visitor from a warm climate, fields of snow take on a unique status.

Taken in the context of our own part of Canada, we begin to see that every place under the sun has something of interest to those who haven't yet been there. Canada is a varied and different kind of country from region to region, and from community to community.

For those of us who live all our lives in one part of Canada, its attractions are often difficult to spot. But they're there all the same, whether in the form of a unique historical view, distinctive architecture or even an ethnic community. Whenever we say there are 'no attractions,' it simply proves we've grown too close to the attractions to

even see them.

Prepared by Rupert Tingley, chairman of the Tourism Industry Association of Canada and president of CN Marine.

Coming events

Rotary Bingo at the Minden Community Centre will be held on November 27, and the "Turkey Bingo" will be held December 18. Doors open at 7 p.m. both nights.

The Rails' End Gallery in Haliburton is currently featuring their Guild Christmas Sale featuring local and invited artists' works of weaving, pottery, sewing, knitting, crochet, quilting, etc.

On November 24, St. Paul's Anglican Church, Minden, will be having a Christmas Bazaar starting at 10:00 a.m. and their Christmas Luncheon at 11:00 a.m.

On November 24, the Larry Reynolds Memorial Atom Hockey Tournament will take place at the Minden Arena. For more information contact Shirley Hie 286-1108.

On November 26, the "Arts in Haliburton Highlands" presents the first in their series of three concerts at the Haliburton Highlands Secondary School at 7:30 p.m. "Repercussion" from Montreal; whether you're eight or eighty, will delight, amaze and thrill you with their choreographed performance, complete with jokes, stunts, snappy costumes and evocative lighting effects. This group are the Canadian Brass of percussion. If it can be hit, they play it. And what they play is quite simply, any form of music you can imagine... Latin rhythms, orchestral works, piano sonatas, ragtime, and of course, rock and roll. Tickets are \$20.00 for the three concerts, call Marilyn Stouffer for more information. (705) 489-2395.

New government takes over

-by Bill Scott, MP -

On September 4, Canadians elected the Progressive Conservative Party, with a huge majority, to make the significant changes that they recognized are essential and could only be made by a fresh new approach to government.

Our commitments in that campaign were: to take control of government, reducing the deficit and the burden of government, to turn the economy around and create the conditions necessary for full employment, to preserve the social safety net for all Canadians, to improve our competitive position in the world and to build a national consensus and resolve our problems in cooperation with labour, business and other levels of government.

The Economic Statement tabled on November 8, by the Hon. Michael Wilson, demonstrates our commitment to all of these promises. The economic situation that we are faced with because of years of Liberal mismanagement only means that some of our specific measures may have to be deferred or rethought. We were not in charge of the nation's finances for the past fifteen years, and it was not our government which let the deficit soar so far beyond projections this year.

This economic statement addresses the first of four challenges set out in the Throne Speech, the challenge to put our own fiscal house in order so as to limit, and reverse, the massive build-up in public debt and the damaging impact this has on confidence and growth. Unless we put the government's fiscal house in order the burden of debt will continue to mount rapidly.

Our net debt per Canadian family is now \$24,000. If we do not take measures now, the projected net debt will be \$54,000 per family by 1990. Our goal is to reduce the deficit to \$10-\$15 billion by 1990 while improving productivity, increasing our international competitiveness and maintaining and improving essential social services.

Huge deficits inflate interest rates, undermine the confidence of investors, threaten job-creating investment, limit the government's ability to meet economic and social needs and in the long run must be paid for by massive increases in taxes or by dramatic reductions in government programs and services.

One prominent CBC reporter said of our plans to cut government spending, "What's happened today is the biggest cost cutting measure a federal government has gone through". Bruce Phillips of CTV News

commented, "The Government's long term objectives, which amount to nothing less than a genuine re-alignment of government to people, which places far more emphasis on individualism and far less emphasis on the state. It aims at small government, less intrusive government and, above all, far less expensive government". I believe these are quite valid comments and reflect exactly what we promised in the last campaign.

The future of Canada depends on how we develop and strengthen our economy, facing events

within and outside of our country rather than acting as if we were helpless to deal with them. The first step, the reduction of the deficit, has

only just begun, but is a first step in restoring business and consumer confidence and bringing about economic renewal.

Charlie Brown delights audience

The lovable characters who have entertained millions in the Charles Schulz comic strip "Peanuts" were brought to life on stage last week in the Highlands Little Theatre production of "You're a Good Man Charlie Brown."

Four performances of the play were presented at the Haliburton Highlands Secondary School.

The two act play was made up of short vignettes, much like the four panel black and white comic strip in the daily paper and extended scenes that seem to have been inspired by the Saturday colour comics. The colour in this case was provided by the musical numbers and while none of the tunes was outstanding, they were melodic at times moving and lingered in the mind.

For anyone who has read the comic strip, the play was full of familiar scenes; the sandlot baseball game, Lucy leaning on the piano while Schroeder plays "Moonlight Sonata", Charlie Brown attempting to fly a kite and of course Snoopy as the World War I ace, flying high over France in his Sopwith Camel searching for the dreaded Red Baron.

Although the characters are children (with the obvious exception of Snoopy), their observations

on life throughout the play are subtle and wise as well as being humorous.

Without exception, the performances of the actors reflected the low key, subtle nature of the play.

All of the actors were in command of their roles and at ease on stage; an indication of the experience they have gained in previous productions by the group.

It is difficult to single out individual performances but the work of the central characters deserve mention.

Curtis Eastmure was exceptional as Charlie Brown, the little boy who can't seem to do anything right, yet is, in his own wishy washy way, basically good and honourable. Curtis was able to convey Charlie's humility, innocence and optimism without resorting to childlike mannerisms.

Another important role in this story of a boy and his dog is that of Snoopy played by Glen Carter.

Unfortunately Glen was afflicted by the dreaded (for an actor) laryngitis and had to use a hand held microphone through much of the show.

At times the sound system distorted his voice and there were problems with feedback but Glen was not distracted by the problems and gave a delightful performance which com-

Members of the Highlands Little Theatre group gather for a group photograph following their dress rehearsal Wednesday evening. Front row, from the left, Brenda Ellis, Elaine Schmid, Nada Vaughan and Betty Perugino. Back row, from the left, Curtis Eastmure, director Melissa Stephens, Jim Andrews, Dale McConnell, Glen Carter, Heather Scully, Doug Brohm and Roy Fleming.

bined fantasy, song and dance numbers and pantomime.

Nada Vaughan effectively combined cynicism and innocence in her role as Lucy. Her explanation of the origin of snow (it doesn't fall from the sky, it pushes

up through the ground) and other little known facts about life and nature was one of the more memorable scenes in the play.

The actors and crew are to be commended for the production but special mention must be made of

the contribution of Melissa Stephens. Melissa directed and choreographed the play and provided the flawless musical accompaniment for all the songs.

The play was the eleventh production of the group and the first musical they have

performed.

The sets, lighting and overall production demonstrated the talents and professionalism of the theatre group.

To paraphrase Lucy, "You're a good little theatre group" Highlands Little Theatre.

Jim Mifflin owner of Foster's General Store found it difficult to obtain a Shell credit card even though he is a retail agent for the large petroleum firm. It was only after extensive enquiries that the company finally issued the long-awaited card to the applicant.

Getting Shell card no easy task for dealer

One would think that anyone who has been a dealer for a major oil company for over five years should have no difficulty in acquiring a credit card from that company.

But such is not always the case.

Take for instance the situation in which Jim and Helen Mifflin found themselves.

The couple have been the proprietors of Foster's General Store on Highway 35 near Boshkung Lake for over five years.

They sell everything from soup to nuts and bolts, including haircuts and are also dealers for Shell Oil.

Earlier this year, at the end of August, Jim applied for a Shell credit card. They intended to use the card on their vacation, but when they left on their trip in

October, the credit card still hadn't arrived.

After travelling 3500 miles in their motorhome (during which time they used Sunoco and Visa credit cards) they returned home. Imagine their surprise when they went through their mail and found a letter informing them that their application to open a charge account with the Shell Oil Company had been denied.

After telephoning his company agent to find out if someone was playing a joke on him, Jim was informed that a consumer credit agency in Lindsay had no record of him and therefore Shell had turned down his application.

Jim was miffed to put it mildly.

He had operated an electronics store in Whitby before buying Foster's

General Store and at times had to borrow thousands of dollars all of which was paid back on time and he had established an excellent credit rating.

He also knew that he had no outstanding debts and yet he was being told he had no credit rating.

Jim wasn't bothered so much by the fact that Shell Oil turned him down as the fact the credit agency didn't think he existed, so he 'phoned the agency and told them what he thought of the situation.

The 'phone call must have had some effect, because on Friday, November 17, Jim finally received his Shell card in the mail.

The card arrived over a month too late for the vacation, but in this case, all's well that ends well and next year he can use his card from Shell.

Outnumbered three to one, a Minden PeeWee player still manages to get a shot away during a game played Saturday at Minden arena. The Minden PeeWees went on to defeat Ops 10 to 0 in the Tri-County PeeWee League game.

Juveniles stretch win to four

The Minden Juveniles are off to an impressive start this season. The team has played four games to date and has won each game by a wide

margin.

On Friday the Juveniles travelled to Little Britain and overpowered the hosts by a lopsided score of 12-3. Little Britain was only able

to score once in each period.

By contrast Minden started well and got stronger as the game progressed, scoring three goals in the first period, four in the second and five in the third.

Little Britain went ahead for the first and only time of the game when they scored in the first minute of play. Four minutes later, Bernie Upton scored the first of five unanswered goals for Minden. He was assisted on the play by Barry Boice and

Tim Wood.

Boice put Minden ahead with a goal of his own on an assist from Chris Laporte and Gord Wood then Upton added his second goal with three seconds left in the first period. Scott Hamilton and Barry Boice got the assists.

Hamilton made it 3-1 for Minden five minutes into the second period with assists from Upton and Wood. Forty seconds later Bernie Upton took a pass from Barry Boice and scored

his third goal to increase the Minden lead.

Little Britain cut the lead minutes later with a goal but Minden answered with an unassisted goal by Scott Hamilton. Chris Laporte made it 7-2 at the end of the second period knocking in a pass from Tim Wood.

The teams played scoreless hockey for the first ten minutes of the third period before Lennie Johnston scored on a pass from Daryl Ward.

Little Britain scored their third and final goal of the game a minute later, then with five minutes remaining, Bernie Upton counted his

fourth goal of the night on an assist from Scott Hamilton.

Scott Hamilton added his third goal of the game with assists from Tim Wood and Barry Boice then Barry Boice contributed his second marker after taking a pass from Bernie Upton and Scott Hamilton.

Minden was assessed only 16 minutes in penalties compared to the 41 minutes served by Little Britain.

The Minden Juveniles will be looking for their fifth win in a row when they host Fenelon Falls this Friday at the Minden Arena. Game time is 8 p.m.

Three chosen for field hockey team

Three members of the Haliburton Highlands Secondary School girls' field hockey team have been selected for the All Ontario Field Hockey Squad in the Under Sixteen division.

Melissa Creelman, Lindsay Tashlin and Corinne Ziorjen were selected after taking part in try-outs at the University of Toronto this past weekend.

Marianne Smith was one of 75 players trying out for the under 18 squad, but failed to make the cut.

The more than 60 hopefuls for the junior squad were put through a series of drills, sprints and distance runs under the watchful eyes of the coaches and trainers.

Forty of the athletes were picked for the squad.

The three local athletes will continue to train until they travel to Toronto for the final selection on the weekend of January 12 and 13.

If they are among the 30 players chosen that weekend they will be practising with the squad one weekend each month until the end of the school year then will be travelling to Toronto each weekend during the summer for practices.

The team will play inter-squad games and be in competitions against the senior team during the summer, then will travel to Winnipeg for a national competition at the end of August.

Rockcliffe downs Home 15-3

The Rockcliffe Foam-blowers continue to hold on to first place in the Minden Men's Town League after defeating Home Hardware 13-5 on Monday at the Minden Arena.

In other action in the past week, The Times and Hartwick Construction played to an eight all tie on Thursday while in the other game played on Monday, Vasey's Real Estate defeated Hartwick 11-6.

In the game played on Thursday, Harris Steele led the way for The Times with five goals and an assist.

Barry Shaw added a pair of goals and Barry Ward rounded out the scoring with a goal and an assist.

Steve Crowe contributed five assists while Jim Todd added a pair and Dan Reid assisted one scoring play. Rick Hartwick was the top gun for Hartwick with four goals and an assist.

Single goal scorers were Leigh Bull who also had three assists, Kevin Hamilton, Rick Mansfield and Jeff Campbell who added an assist. Fraser Rogers and Peter Pearson each had an assist.

On Monday night the 'Blowers powered their way to a 13-5 victory over Home Hardware.

Andy Campbell had his best game ever in the league leading the way for the 'Blowers with four goals and an assist. Charlie Berube continued his strong play

with a hat trick.

Other point getters for the 'Blowers were Tony Stone and Dave Hartwick with a pair of goals and four assists each, Ted Vasey and Sid McKeighan with a goal and an assist, Wayne Johnson with four assists and Dave Lee and Dan Brohm with one assist each.

Dean Hewitt was the leading scorer for Home with four goals and an assist in the losing squad. Corey Walker rounded out the scoring with a goal and an assist. Joe Mitchell and Wally Stender contributed three assists each to their team's effort.

Vasey's won their second game of the season on Monday defeating Hartwick 11-6. Dave Brown was a powerhouse for Vasey, scoring five goals and adding an assist.

Kim Hamilton had a pair of goals and two assists.

Other point getters for the winning team were Jerry Campbell with a goal and three assists, Brendan Berube, a goal and an assist, Larry Sawyer a goal and an assist, Doug MacNabb one goal and Barry Smith and Dennis Brule with a pair of assists each.

Scoring for Hartwick were Rick Hartwick two goals and an assist, Leigh Bull and Murray Clark a goal and three assists each, Kevin Hamilton one goal, Greg Carpentier a goal and an assist and Fraser Rogers with one assist.

For this year's Christmas Party, treat yourself and your friends to

PineStone Inn
and country club

elegant dining with superb service

Your party can relax in the pleasant surroundings of our main dining room or one of our private dining salons.

Once dinner is completed, enjoy dancing until 1 a.m. in the Golden Slipper Lounge.

For assistance in booking your special Christmas Party, please contact the Innkeeper or one of his assistants.
(705) 457-1800 (416) 423-2000

Program improves area forest stands

A four month forest improvement project that employed up to eleven workers from the Minden area was completed on Friday.

The Environment 2000 project was funded by Environment Canada at an estimated cost of \$53,000.

The program is intended to extend and accelerate activities that will contribute to the conservation, preservation and restoration of the natural environment. It has been designed to stimulate employment for people between the ages of 16 and 24 or over 50 years.

In Ontario there are currently 178 projects being carried out at an estimated cost of \$9 million.

2000 workers have been employed in the program to date in Ontario.

The forest improvement project that was carried out in Hindon Township was sponsored by the Municipality of Anson, Hindon and Minden and was supervised by the Bylaw Enforcement Officer, Dick Schell. The site for the project was selected by the Ministry of Natural Resources on Crown land.

A 50 year old stand of

white pine was suffering from the effects of being shaded by other trees such as poplar and white birch. Pruning operations were carried out on the pine and spruce in the stand.

The workers also girdled the competing trees. Within several years these trees will die allowing more sunlight to reach the pine and spruce. This will eventually produce a higher number of trees with clear lumber potential.

A similar Environment 2000 project sponsored by West Lake Forest Limited is being carried out in an area 12 km north of Haliburton. Workers are hand cleaning 1 - 3 year old red pine, spruce and larch plantations over a 18 hectare area.

Thinning and pruning operations are also being carried out in a mixed softwood area and a 40 hectare hardwood regeneration area. In addition a 1.5 km seasonal road is being constructed to provide future access to overstocked immature hardwood stands.

The cost of the 16 week project which employs four workers is estimated at \$21,500 and is expected to be completed in early December.

Workers on the Forest Improvement project in Hindon township pause during pruning operations. The members of the crew were completing their final day of work on an Environment 2000 project which was funded by the federal government and sponsored by the municipality of Anson, Hindon and Minden. Shown, from the left are, Joe Voiccy, Bill Stromberg, Jamie Bowman, Bob Robinson, Archie Bowman and Nelson Austen.

Council orders Hall's Lake fence replaced

A wire fence that was erected across a roadway to a boat ramp on Hall's Lake and later removed by the Township of Stanhope, is being replaced by the

township.

The fence was removed after several residents of the area complained to Stanhope Council that the fence blocked access to the boat ramp located on the west shore of the lake.

Council ordered the removal of the fence after being informed by the Ministry of Transportation and Communications, that, according to their land survey, the fence was located on the sixty-six foot marine road allowance and was therefore on public

property.

Following the removal of the fence, Council received a letter in October from a cottager on the lake who stated that the land was privately owned and that the fence had been placed across the roadway to discourage tre spassing.

At the regular council meeting on Wednesday, November 14, Council was informed that a title search had shown that the land was indeed privately owned.

It was reported that the MTC survey failed to

consider the fact that the waterlevel of Hall's Lake was raised artificially after the dam at Buttermilk Falls was constructed and that much of the original marine road allowance now lies under water.

A title search revealed that, according to the original Ontario Land Survey, the fence is located on private property between the road allowance and Highway 35.

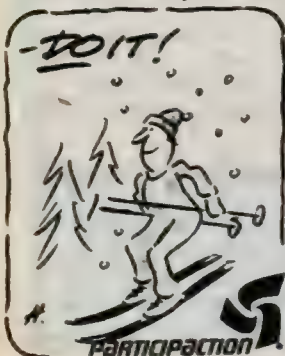

Following the report, Council ordered the re-installation of the fence.

Reunion

1984 is Cochrane's (Ontario) 75th Birthday and plans are being made to involve everyone in the celebration.

Ecole Secondaire Cochrane High School (ESCHS) and the former Cochrane High School will be holding a homecoming reunion the weekend of May 17, 18, 19 1985. Anyone and everyone who attended these schools between the years of 1926 to 1985 is invited to join in the fun.

For more information please write to Homecoming P.O. Box 2070, Cochrane, Ontario, POL 1C0.

Winter Agricrew ready - Ag report -

Winter Agricrew is here and ready to begin operation. That is the funding is available and there are six co-ordinators in agricultural offices across southern Ontario that are already working on the problem. Karen Vaughan is the Agricrew Co-ordinator for East Central Ontario area, working out of the Uxbridge Agricultural Office.

There are only two problems. One, there are very few applications for crew members and two, few farmers have applied to hire a crew so far.

This is the first time a Winter Agricrew Program has been tried, and for the first time in the Agricrew Program there will be a choice of crew size, as both two and four person crews will be available. While the crews will be placed in different areas, all possible effort will be made to match the requirements of a farmer, with the size crew he desires.

Farmers will pay \$90/day for a four man crew and \$50/day for a two man crew. Crews are responsible for their own transportation to the farm and provide their own lunch. They are covered by Unemployment Insurance and Workmen's Compensation, at no extra cost to the farmer.

Winter Agricrew is directed toward employing young people age 15 to 24, who have been unemployed for 12 weeks and have a grade 11 education or less. Agricrew will provide these youths with a variety of challenging work opportunities, and most important of all, work experience.

Anyone interested in finding out more about Winter Agricrew should contact your local Agricultural Office.

Alberta cowman shares his ideas

Ron Noble of Lloydminster, Alberta was the guest speaker at a special meeting of the Victoria - Haliburton Weaning Weight Club in Lindsay last Monday night. Over 100 cow-calf producers from across the area attended.

Ron talked about the commercial operation with 400 cows on over 2,000 acres of land which he has in eastern Alberta. He outlined how this enterprise has developed over the past 20 years to the place it is today, when he weans calves weighing an average of 750 pounds or more, at 250 days of age, from 1200 lb. cross-bred cows.

While many of the specific things Ron Noble does on his Alberta ranch are not directly applicable to farmers in Ontario, the philosophy he uses in assessing his farm can certainly be of value to any farmer.

The key areas Ron discussed were breeding, feeding and marketing. Each year he sets goals for his farm and strives to reach them.

Goals such as weaning 750 pound calves on the average at 250 days of age. This has been achieved by using Hereford-Simmental cross cows, bred to a Simmental bull, to calve in February and by rigorously culling his cows with the aid of a weaning weight

program.

Goals such as getting the maximum production of beef from each acre of land. To do this, Ron Noble has cross fenced large pastures, rotates the pasture, reduces the distance to water and grows grain "cover crops" for fall pasture instead of summer fallowing.

Goals such as having fully satisfied buyers for his calves. While Ron didn't mention pre-conditioning, the program he follows before selling any calves is almost the same as the

Ontario pre-conditioning program. He plans several months in advance how, when and where he'll sell his calves each year, rather than just taking them to the nearest sale right after the first big snowfall. And he follows up later on with the buyers to be sure his breeding and management programs are meeting their expectations.

We were pleased to have Ron Noble visit Victoria County as part of his trip to the Royal Winter Fair.

C.H.A.C.E. Place news

by Marilou Mizzan

Christmas is quickly approaching and CHACE Place is getting into the spirit of the season. On Saturday December 1, we will be having a Christmas Craft Sale from 10 a.m. to 2 p.m.

In preparation for our sale, we will be having Christmas craft workbees at CHACE Place during the week of November 19 - 22. Everyone is welcome to drop in anytime and learn how to make an assorted array of Christmas decorations. These ornaments and many more generous donations of stock stuffers, gifts, crafts and baking will be sold at the Christmas sale on December 1. All contributions are greatly appreciated and may be left at CHACE at any time.

I am sure by now every child has looked through the

Christmas Wish Book at least a dozen times and has made just as many requests for Christmas gifts. As parents, it is often difficult to decide which toys are good choices for your child.

On Thursday November 22 at 11 a.m., Kim Roddick, the infant stimulation worker for Haliburton County will be giving a talk on "How to choose toys for Christmas." Plan to attend the talk and at the same time browse through one of our copies of the Toy Report (by the Canadian Toy Testing Council) which also gives a complete listing of recommended toys for children of all ages.

Drop into CHACE Place and have a good time Monday through Friday 10 a.m. to 4 p.m. and Saturday 10 a.m. to 2 p.m. and we will be looking forward to seeing you December 1 at the Christmas Craft Sale.

Did you know?

by Bambi Gilder

Did you know ... that the Ministry of Community and Social Services offers two publications containing information and suggestions of use to parents of young children?

These guides discuss a number of problem areas such as night walking and disciplining. They contain information about how a child develops from infancy through the pre-school years, and how you can help your child's development.

Children sometimes seem to be incredibly clever at coming up with ways to frustrate, to anger, and to exhaust parents. A number of suggestions are included to help parents cope with these trying times.

To obtain these publications free of charge, why not drop in to your County Information Centre or give us a call at 457-2733. Our office is open Monday through Friday, 10:00 a.m. to 4:00 p.m. and we are located in the Drag River Municipal Building (across from Emmerson Lumber).

Did you know...that our office has booklets offering many tips on how to find and buy day care for your child?

In choosing day care for your child, you are buying a service. As with most purchases, there are no real bargains. Good day care is invaluable and poor day care is unacceptable at any price.

There are many things to consider when preparing for your search, such as the age of your child, cost within your budget, transportation etc.

Some families may be eligible for financial assistance toward the cost of day care which is based on total family income, total allowable expenses plus number and ages of children in care. These booklets offer information on how to begin your search and list the different types of day care available.

For more information on this and many other subjects, call your County Information and Referral Centre today. We are here to help people of all ages find solutions to problems by either telling you what you need to know or by quickly referring you to the appropriate resource. We are open Monday through Friday, 10:00 a.m. to 4:00 p.m. and are located in the Drag River Municipal building in Haliburton.

PeeWees split pair - 15-3 win

The Minden PeeWees split a pair of games on the weekend defeating Bobcaygeon 15-3 on Saturday then losing their game against Ops by a score of 4-1 on Sunday.

Playing at home on Saturday, Minden dominated Bobcaygeon from the first faceoff.

Minden led 3-0 at the end of the first period then went on a scoring spree in the second period knocking in eight goals and allowing only one.

In the final period Minden added four more goals before Bobcaygeon answered with a pair in the final minutes of the game.

Ron Ackerblade was the top goalscorer for the Minden Monarchs with five goals.

Kent Taylor also had a strong game for the home team scoring four goals and adding three assists.

Stephen Schrader contributed three goals and an assist to the Minden victory.

Also scoring for the Monarchs were Randy Bull with two goals and three assists and Joey Boyle with a goal and two assists.

Assists went to Hunter Obee with a pair and Darren Sawyer with a single.

Compared to the shoot-out on Saturday, the game in Ops on Sunday was a more evenly matched game.

Ops held a 2-0 lead before Kent Taylor scored an unassisted goal halfway through the second period.

Ops added another goal in the last minute of play in the second period then scored again in the third for a 4-1 victory.

Ken Sawyers and Leigh Bull have offered their services as timekeepers for the upcoming 84/85 season. Their volunteers efforts are appreciated by the PeeWees.

"WHERE THE ACTION IS"

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

We were happy to hear that Mrs. Florence Robinson is feeling much better after surgery and is at present in Minden hospital. The Robinsons were saddened on Friday with the passing of Phil's brother in law, William Negus of Lindsay. Hope you will soon be home and feeling much better Florence.

Mr. and Mrs. Ron Davis of Ivanhoe Lodge, Foleyet spent last week with her parents, Mr. and Mrs. Earl Hewitt of Minden.

Monday evening was one in a million for our old friend Alex Stevenson at the Club 35 card party. Alex finally was high man AND was awarded the door prize! (Do we scent sympathy for a long awaited dream come true?) Seriously, we are very happy that Alex did so well for a change. The high lady for the evening was Fern Donnelly, most lone hands went to Wally Harper and other prizes to Eleanor Ferris, George Alsop and Fern Donnelly (also a very lucky lady.) Glad you are all having so much fun Mondays.

Relatives and friends attended a wedding shower at the home of Garth and Shirley Horsley last Saturday in honour of Pamela Henderson prior to her marriage. She received a variety of gifts and thanked all the people there.

Mrs. William Milligan and Bernice of Newtonville left on Monday after a nice visit with Mrs. Arnold Coulter.

All good wishes to Mrs. Clare Walker who is presently a patient at St. Joseph's Hospital after a fall. She is hoping to be home later this week.

Mrs. A.S. Kernohan is presently visting the Tom Parrish family in Toronto.

Children's movies will be shown at the Library-Cultural Centre on Friday evening from 7:15 p.m. to 8:15 p.m. Admission is, as usual, free.

St. Paul's A.C.W. annual bazaar and luncheon will be held Saturday after 10 a.m. The thrift shop will also be open during this event.

Last Wednesday morning the Travelways coach chartered by Minden Women's Institute left for Toronto with its 47 passengers. It was a pleasant day, cold but sunny, but they arrived at the Coliseum for a day at the Royal Winter Fair. On entering, some of the ladies saw Madame Jeanne Sauve, the

Governor-General, surrounded by police, Eugene Whelan and some other dignitaries. There was no jumping that afternoon but some watched the Standard Bred horse show, the Holstein Cattle show or walked and walked to see the exhibits, including a stop at the FW 10 Welcome booth. There were many places to eat or have refreshments and there were many busloads of seniors and students. At 5 p.m. they saw a floor show among the flower displays with two couples dancing and singing seasonal songs. The group left at 6 p.m. and were home safely by 8:30 p.m. with everyone having had a good trip. We thank Jeanne Sears P.R.O. of the Women's Institute for this report.

Winners at the Thursday afternoon card party at the Parish Hall last week were: Lone hands Irene Houghton Muriel Proctor (on a cut), Jack Weekes, Flo Dollo and Sid Rowe.

Minden Agricultural Society will meet on Wednesday, November 28 in the ante-room of the Municipal building at 7:30 p.m.

Friends will be happy to hear that Earl Ward is recovering nicely after injuring his leg with a chainsaw.

Mrs. Bonnie Nettinga of Lindsay dropped in for a surprise visit with her friend Mrs. Bess Cox on Thursday evening.

Visiting with Cliff and Jean Lacey for Grey Cup this past weekend were Jean and Mike Cruikshank with daughters Sheri and Michellene and son Jim, Claire Kelly and Mike Bentley, Joanne and Jim Oatman with Joshua and Crystal all from Shelburne. We understand Cliff lost everything but his shirt on the game and we are told even the shirt was mortgaged! Sounds like a fun time was had by all.

Sincere sympathy to the families and friends of the late Charles McKnight and Frank Smart who passed away recently.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Some have hidden words or sayings, some do not. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: What do you call it when giraffes moving one way get mixed up with giraffes moving another way?

A: A giraffic jam.

Q: The alphabet goes from A to Z. What animal goes from Z to A?

A: A zebra.

Q: Why do you have to be careful when it's raining dogs and cats?

A: You might step in a poodle.

by Bert Harrison

Dear readers, Here I am in Minden hospital, not at Hyland Crest, to tell you all about it, I'll do my best. This happened last Friday, when Dr. Holliday-Rhodes came along. "I am the doctor in charge today, now," he said, "This is the ugliest toe I have ever seen, we had better get you to the hospital before it turns to gangrene." So down to Minden hospital we did slip where one of the nurses gave me a needle in the hip. Then Saturday morning Dr. Lodenquai came on the scene, didn't mention where he had been. He said it was about my toe we must discuss, we are going to operate for it is full of pus. So here I am all tucked in bed. The nurses are so good, I haven't kissed any of them yet. Do you really think I should? I wonder how all are faring up at Hyland Crest, who, over the weekend had special guests?

I thank the residents for the nice card I received Saturday noon, telling me to hurry up and get back to Hyland Crest real soon.

Now readers, like I have said before they are so good to me. I have a bedroom all to myself with bathroom and T.V. However when my toe gets better I am looking forward then to returning to Hyland Crest and my dear friends again.

Friday morning - dear readers - here I am back at Hyland Crest, but first I'd like to tell you about the place I left. If I ever get a sore toe or perhaps a pain in my middle, I should always remember the grand service I received from the nurses, doctors and staff at Minden Hospital.

I want to thank Lola Prentice who is a dear, for writing me a nice letter, telling me about some of the things that have been happening here.

Saturday, November 10 the Friendship Group came to sing and entertain. Saturday night Fred and Beth Parker came to look after the games.

In the chapel service Sunday night the Friendship Group took over, their friendship to renew. So Rev. Burgess had very little to do.

Doris Robertson jotted a few things that have been taking place. Everyone seemed to be hitting a real lively pace.

Tuesday morning Rev. Wicks came to conduct the service once more, the Friendship Group also came again once more.

Now I had to miss all this even though I had no choice. Heather Bowron sang a solo. Heather has a lovely voice.

Tuesday afternoon Doris took all on the bus who wanted to go. She said when the road was good she went fast and when not she went slow. They went through

Ingoldsby, Lochlin, Donald, then up to Haliburton. The way they came back home from there, I'm not really certain.

It is good to have Edna Cowen back again after a long hospital stay. Her room mate Lilly Hogg missed her while she was away.

Down at fun and fitness, Doris and Linda, who know a few tricks, got up and danced over the broomsticks.

The entertainers Wednes-

day night, they say, were simply great. Kathy Owens from the Frost Centre and Al Smith from Lutterworth Estates. For the tea party Thursday afternoon the ladies who served the grub were members of our own Craft Club.

For the sing song Friday afternoon, sorry I didn't attend. I am trying to give my toe every chance to mend. Don't hesitate to give advice, for nobody will follow it anyway.

CARD OF THANKS

Mel and Elaine Smith would like to express their thanks to our family, friends and neighbours who helped make our 25th wedding anniversary a most memorable occasion. The cards, gifts and personal best wishes were sincerely appreciated. A special thanks to the Hamilton family for helping the boys and also to the family who made and served a most delicious lunch.

CARD OF THANKS

The family of the late Margaret Ann Harrison wish to say thank you to relatives, friends and neighbours for the sympathy and help received in our recent loss of a dear lady. Thank you for the beautiful floral tributes, memorial donations and cards. We also wish to thank Rev. John James for his message of comfort, the Gordon Monk Funeral Home for arrangements, and a special thank you to the U.C.W. of Zion Church, Carnarvon for the lovely lunch and warm welcome provided after the funeral.

Gwen Graham,
Sinc & Loretta Nesbitt

The Highlands Little Theatre would like to sincerely thank the following for their support and assistance with the production of the recent show "You're A Good Man Charlie Brown": Municipality of Dysart Recreation Committee; H.H.S.S. and Custodial Staff; The Staff at The Times; John Burgess; Ed Wright; Glen Scully; ARC Industries; Haliburton Highlands Guild of Fine Arts. 11C

I wish to express a most sincere thank you, for the cards, flowers, and phone calls to my wife Marian, while confined to Western Hospital, Toronto. She is now home, recuperating nicely, and feeling reasonably well. Thanks again.

W. H. Ingram

We would like to thank our friends and neighbours for the cards and words of sympathy on the recent loss of our dear sister Laura.

Jean & Harry Cowen
Bertha & Pete Burkitt

We extend our sincerest thanks to all of those who donated money and food, contributed their time, effort, resources and patronage to the success of our Christmas luncheon and bazaar on Friday, November 16.

Minden United Church
Women

We would like to thank our children, Carol, Rick and Carla for the open house to celebrate our 25th anniversary and a special thanks to our friends and relatives who helped share our day.

- Obituaries - \$10
- Legal notices - \$10 per insertion
- Commercial classifieds - \$5 minimum
- Commercial classified display - \$7.50

IN MEMORIAM

HUGHES: In loving memory of our dear sons who passed away suddenly, Laverne August 20, 1978 and Lanny November 29, 1982.

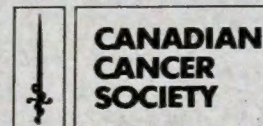

Always a smile instead of a frown
Always a hand when one was down
Always true, thoughtful and kind
Wonderful memories they left behind
Deep in our hearts
They will always remain
Until God in His time
Unites us again.

Sadly missed by Mom & Dad, sisters and brothers and families.

WALKER: In loving memory of a dear father and grandfather, Les, who passed away November 25, 1982.

Eight tall oaks standing silent in the wind on this day.

Lovingly remembered but never forgotten by Ruth, Douglas, Sandra, Terry, Patti, Jack, Heather and Roger and families.

NOTICE TO CREDITORS AND OTHERS

IN THE ESTATE OF MINNIE ELIZABETH MAY STEVENS, also known as MINNIE ELIZABETH MAE STEVENS.

All persons having claim against the Estate of Minnie Elizabeth May Stevens, also known as Minnie Elizabeth Mae Stevens, late of the Town of Minden, in the County of Haliburton, who died October 18th, 1982, are required to file proof of the same with the undersigned on or before December 6th, 1984, after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice and the undersigned will not be liable to any person of whose claim they shall not then have notice.

DATED at Lindsay this 5th day of November, 1984.
